General Practice Alert State is OPEN every Tuesday for your practices' input

The form can be accessed and completed using the link found in your GPAS open email

General Practice Alert State

Every week we send a 'GPAS is open' email to your specified GPAS delegate (this will be the practice manager by default). Within this email contains the link to the GPAS survey which only takes a couple of minutes to complete. The data you provide is completely anonymous.

Why should I fill in the GPAS survey?

It is crucial to demonstrate the huge demand practices face that we know exists so that we can use it to evidence the need for there to be system response to support General Practice. We need data from as many Practices as possible and it needs to be maintained into the future to provide comparisons for future capacity planning and an effective response to continual pressures.

If you are a practice manager or GPAS delegate and not receiving the weekly GPAS emails, please contact us at info@lincsllmc.co.uk. Additionally, please ensure if your GPAS delegate is on leave there will be someone to complete the GPAS survey in their absence.
