GPAS to OPEL Conversion for the county wide assessment **3**

Indicative number of patient contacts in General Practice this week²: **118,634**

GPAS – COMMENT / ANALYSIS

The county wide assessment this week is **AMBER / OPEL 3** with **65%** of reporting practices assessed as **AMBER**, **3%** reporting as **RED**, **0%** as **BLACK** covering a total patient population of **299,747**. **GREEN** assessments account for **32%**.

In addition to the standard report attached, we have received the following information affecting General practices:

Other comments:

- Leave and sickness (including Locum ANP that did not turn up) affecting capacity. Clinics have to be re-arranged or cancelled.
- On call GP had a manic day.
- ICB conducted a listening clinic 1000 – 1200.
- Increase Patient contact and demands for appointments, but high level of DNAs.
- Impossible to get on top of paperwork. Secondary care and PCN clinicians have increased paperwork, but admin capacity has stayed the same.
